Instructions For Collecting Feather Sample

1. Wash your hands thoroughly before and after handling each bird.
2. Clearly label each plastic bag with the bird's name and/or ID number and the species of the bird. Use the same Bird ID and/or name on this form so that we can match them to the correct bird later.
3. Once you have safely restrained your bird, pluck 2-3 wing and/or tail feathers.
4. Place them in the appropriate labeled plastic bag. (Avoid touching the shaft of the feathers)
5. Complete this form and put it in an envelope with the feather samples and payment and send it to:

JP Bird Sexing
